

Election Manifesto

I believe the SANParks Honorary Rangers are building a strong foundation for greatness. With over 30 years in audit, risk, IT, and governance, I can help strengthen accountability, streamline projects, and support members in making their efforts more impactful. My leadership in committees and community initiatives shows my commitment to conservation and inclusivity. Together, we can ensure SHR thrives as a trusted partner to SANParks.

I am currently a member of the SHR Audit and Risk Committee, and I chair the I&T Committee
